INT-CL (IPC): A01N 9/08

ABSTRACTED-PUB-NO: JP 75003367B /

BASIC-ABSTRACT:

The compsn. contains Cnidium officinale essential oil as active ingredient, and if necessary insecticide and turpentine oil. The essential oil can be obtd. by extraction with hot water, steam distillation or extraction with an organic solvent of the dried root of Cnidium officinale. The resulting essential oil is mixed with emulsified insecticide in the presence of a suitable emulsifier. Then turpentine oil is added at 30-50 degrees C and the resulting mixt. is applied to whole pine trees in a powder sprayer.
